

**FIVE STAR BANCORP**

# Investor Presentation

**SECOND QUARTER 2026**

# Safe Harbor Statement and Disclaimer

## Forward-Looking Statements

In this presentation, “we,” “our,” “us,” “Five Star,” or “the Company” refers to Five Star Bancorp, a California corporation, and our consolidated subsidiaries, including Five Star Bank, a California state-chartered bank, unless the context indicates that we refer only to the parent company, Five Star Bancorp. This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements represent plans, estimates, objectives, goals, guidelines, expectations, intentions, projections, and statements of the Company’s beliefs concerning future events, business plans, objectives, expected operating results, and the assumptions upon which those statements are based. Forward-looking statements include without limitation, any statement that may predict, forecast, indicate, or imply future results, performance, or achievements, and are typically identified with words such as “may,” “could,” “should,” “will,” “would,” “believe,” “anticipate,” “estimate,” “expect,” “aim,” “intend,” “plan,” or words or phrases of similar meaning. The Company cautions that the forward-looking statements are based largely on the Company’s expectations and are subject to a number of known and unknown risks and uncertainties that are subject to change based on factors which are, in many instances, beyond the Company’s control. Such forward-looking statements are based on various assumptions (some of which may be beyond the Company’s control) and are subject to risks and uncertainties, which change over time, and other factors which could cause actual results to differ materially from those currently anticipated. New risks and uncertainties may emerge from time to time, and it is not possible for the Company to predict their occurrence or how they will affect the Company. If one or more of the factors affecting the Company’s forward-looking information and statements proves incorrect, then the Company’s actual results, performance, or achievements could differ materially from those expressed in, or implied by, forward-looking information and statements contained in this presentation. Therefore, the Company cautions you not to place undue reliance on the Company’s forward-looking information and statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements are set forth in the Company’s Annual Report on Form 10-K for the year ended December 31, 2025 and Quarterly Report on Form 10-Q for the three months ended March 31, 2026 under the section entitled “Risk Factors,” and other documents filed by the Company with the Securities and Exchange Commission from time to time.

The Company disclaims any duty to revise or update the forward-looking statements, whether written or oral, to reflect actual results or changes in the factors affecting the forward-looking statements, except as specifically required by law.

## Industry Information

This presentation includes statistical and other industry and market data that we obtained from government reports and other third-party sources. Our internal data, estimates, and forecasts are based on information obtained from government reports, trade, and business organizations and other contacts in the markets in which we operate and our management’s understanding of industry conditions. Although we believe that this information (including the industry publications and third-party research, surveys, and studies) is accurate and reliable, we have not independently verified such information. In addition, estimates, forecasts, and assumptions are necessarily subject to a high degree of uncertainty and risk due to a variety of factors. Finally, forward-looking information obtained from these sources is subject to the same qualifications and the additional uncertainties regarding the other forward-looking statements in this presentation.

## Unaudited Financial Data

Numbers contained in this presentation for the quarter ended June 30, 2026 and for other quarterly periods are unaudited. Additionally, all figures presented as year-to-date and for periods that represent a full fiscal year ended December 31, represent unaudited results. As a result, subsequent information may cause a change in certain accounting estimates and other financial information, including the Company’s allowance for credit losses, fair values, and income taxes.

## Non-GAAP Financial Measures

The Company uses financial information in its analysis of the Company’s performance that is not in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Company believes that these non-GAAP financial measures provide useful information to management and investors that is supplementary to the Company’s financial condition, results of operations, and cash flows computed in accordance with GAAP. However, the Company acknowledges that its non-GAAP financial measures have a number of limitations. See the appendix to this presentation for a reconciliation of these non-GAAP measures to the most directly comparable GAAP financial measures.

# Company Overview

# Company Overview

Five Star is a community business bank that was founded to serve the commercial real estate industry. Today, the markets we serve have expanded to meet customer demand and now include manufactured housing and storage, faith-based, government, nonprofits, and more.

Cash Dividend Payout Ratio on Common Stock<sup>(1)</sup>

Value per Share (book and tangible book)<sup>(2)</sup>

1. Cash dividend payout ratio on common stock is calculated as dividends on common shares divided by basic earnings per common share.  
2. A reconciliation of this non-GAAP measure is set forth in the appendix.

# Loans and Credit Quality

# Consistent Loan Growth

Note: Loan balances are end of period loans held for investment. Yields are based on average balance and annualized quarterly interest income.

1. CAGR is based upon balances as of June 30, 2026.

2. A reconciliation of this non-GAAP measure is set forth in the appendix.

# Loan Portfolio Composition

| Types of collateral securing commercial real estate ("CRE") loans | Loan Balance (\$000s) | # of Loans   | % of CRE        |
|-------------------------------------------------------------------|-----------------------|--------------|-----------------|
| Manufactured home community                                       | \$ 1,081,062          | 495          | 30.05 %         |
| RV Park                                                           | 443,429               | 138          | 12.33 %         |
| Retail                                                            | 327,576               | 98           | 9.11 %          |

Note: Balances are net book value as of June 30, 2026, before allowance for credit losses and deferred loan fees, and exclude loans held for sale.

1. Types of loans in "Other" are those that individually make up less than 0.5% of the total loan portfolio.

2. Types of collateral in "All other types" are those that individually make up less than 5% CRE concentration.

# CRE Collateral Values

Note: Balances are net book value as of June 30, 2026, before allowance for credit losses and deferred loan fees, and exclude loans held for sale. LTV refers to loan-to-value.  
1. Types of collateral in “All other types” are those that individually make up less than 5% CRE concentration.

# Loan Portfolio Diversification

Our core business centers on commercial lending, with an emphasis on commercial real estate. We provide a comprehensive suite of loan products tailored to the needs of small and medium-sized businesses, professionals, and individuals — including commercial real estate, commercial land and construction, and farmland loans. Additionally, we offer residential real estate, construction, and consumer loans, further supporting a broad range of client needs.

# Loan Rollforward

Loans Held for Investment

|                   | Q1 2025  | Q2 2025  | Q3 2025  | Q4 2025  | Q1 2026  | Q2 2026  |
|-------------------|----------|----------|----------|----------|----------|----------|
| Beginning Balance | \$ 3,533 | \$ 3,622 | \$ 3,758 | \$ 3,887 | \$ 4,075 | \$ 4,213 |
| Ending Balance    | \$ 3,622 | \$ 3,758 | \$ 3,887 | \$ 4,075 | \$ 4,213 | \$ 4,520 |

# Loan Yield Composition

# Asset Quality

Our primary objective is to maintain a high level of asset quality in our loan portfolio. Therefore, we:

- Place emphasis on our commercial portfolio, where we reevaluate risk assessments as a result of reviewing commercial property operating statements and borrower financials
- Monitor payment performance, delinquencies, tax compliance, and property insurance compliance of our borrowers
- Design our practices to facilitate the early detection and remediation of problems within our loan portfolio
- Employ the use of an outside, independent consulting firm to evaluate our underwriting and risk assessment process

Nonperforming Loan Trend

Allowance for Credit Losses and Annualized Net Charge-off Trend

Note: References to loans HFI are loans held for investment, which are the equivalent of total loans outstanding at each period end. References to average loans HFI are average loans held for investment during the period. References to annualized net charge-offs are annualized quarterly net charge-offs for periods less than one year, and annual net charge-offs otherwise.

## % of Loan Portfolio Outstanding by Risk Grade:

|                 |         |         |         |         |
|-----------------|---------|---------|---------|---------|
| Pass            | 95.22 % | 96.03 % | 94.98 % | 95.14 % |
| Watch           | 3.49 %  | 2.50 %  | 3.40 %  | 3.42 %  |
| Special Mention | 1.22 %  | 0.92 %  | 1.07 %  | 0.99 %  |
| Substandard     | 0.07 %  | 0.55 %  | 0.55 %  | 0.45 %  |

Note: Loan portfolio outstanding is total balance of loans outstanding at period end, before deferred loan fees and allowance for loan losses, and excluding loans held for sale.

# Deposit and Capital Overview

# Strong Deposit Growth

Note: Balances are end of period. Cost of total deposits is based on total average balance of interest-bearing and non-interest-bearing deposits and annualized quarterly deposit interest expense.

1. CAGR is based upon balances as of June 30, 2026.

2. As of quarter- or year-end, as applicable

# Diversified Funding

Loan<sup>(2)</sup> to Deposit Ratio

Non-Interest-Bearing Deposits to Total Deposits

1. Balances are as of June 30, 2026.  
2. Loan balance in loan to deposit ratio is total loans held for investment and sale at period end.

# Deposit Composition

Total Deposits by Relationship Size

**7.39 Years**

Average Age of Relationships > \$5 million

Total Deposits by Market Vertical

Local Agency Breakout

**\$294,000**

Average Deposit Account Balance

Note: Balances are as of June 30, 2026 and include time and wholesale deposits.

1. Types of accounts in “Other” are individuals, trusts, estates, and market verticals that individually make up less than 0.50% of all deposits.

2. Government and Local Agency Depositors includes State of California, which comprises 5.21% of total deposits.

# Capital Ratios

Tier 1 Leverage Ratio

Common Equity Tier 1 to RWA

Tier 1 Capital to RWA

Total Capital to RWA

We strive to become the top business bank in all markets we serve through exceptional service, deep connectivity, and customer empathy. We are dedicated to serving real estate, agricultural, faith-based, and small to medium-sized enterprises. We aim to consistently deliver value that meets or exceeds the expectations of our shareholders, customers, employees, business partners, and community.

“

Five Star Bank customer, Cristo Rey High School Sacramento, is a Catholic, fully-accredited college preparatory high school. They offer a focused curriculum designed to support students not only in being accepted to college, but in graduating from college. Their goal is to educate the “whole person,” that is the mind, body and spirit of each student. They offer a challenging academic curriculum, as well as opportunities for co-curricular, spiritual and religious formation.

**Father Christopher Calderon**, *President*  
Cristo Rey Students

**CRISTO REY HIGH SCHOOL SACRAMENTO**

“

"Five Star Bank stepped in when Point Reyes Farmstead Cheese Company started having issues with our prior lender. They were flexible and agreed to expand our credit line and work with us on financial covenants that made sense for our business. They made the transition for operating accounts smooth and easy. They were also willing to work with us to refinance and increase our debt. It has been refreshing to have a local bank that listens to our needs and helps us out in a difficult lending environment."

# Appendix: Non-GAAP Reconciliation (Unaudited)

The Company uses financial information in its analysis of the Company's performance that is not in conformity with GAAP. The Company believes that these non-GAAP financial measures provide useful information to management and investors that is supplementary to the Company's financial condition, results of operations, and cash flows computed in accordance with GAAP. However, the Company acknowledges that its non-GAAP financial measures have a number of limitations. As such, investors should not view these disclosures as a substitute for results determined in accordance with GAAP. Additionally, these non-GAAP measures are not necessarily comparable to non-GAAP financial measures that other banking companies use. Other banking companies may use names similar to those the Company uses for the non-GAAP financial measures the Company discloses but may calculate them differently. Investors should understand how the Company and other companies each calculate their non-GAAP financial measures when making comparisons.

Average loan yield, excluding PPP loans, is defined as the daily average loan yield, excluding PPP loans, and includes both performing and nonperforming loans. The most directly comparable GAAP financial measure is average loan yield. Management believes that average loan yield, excluding PPP loans, is a useful financial measure because it enables management, investors, and others to assess the Company's ability to manage yield on core loans. We had no PPP loans nor interest and fee income on PPP loans for the periods shown in this presentation other than the years ended December 31, 2020, 2021, and 2022. As a result, average loan yield, excluding PPP loans, is the same as daily average loan yield for all periods presented other than the years ended December 31, 2020, 2021, and 2022. Reconciliations for such periods are provided below.

Total assets, excluding PPP loans, is defined as total assets less PPP loans. The most directly comparable GAAP financial measure is total assets. Management believes that total assets, excluding PPP loans, is a useful financial measure because it enables management, investors, and others to assess the Company's ability to manage core assets. We had no PPP loans as of the period ends shown in this presentation other than as of December 31, 2020 and 2021. As a result, total assets, excluding PPP loans, is the same as total assets for all periods presented, other than as of December 31, 2020 and 2021. Reconciliations for such periods are provided below.

Pre-tax, pre-provision income is defined as pre-tax income plus provision for credit losses. The most directly comparable GAAP financial measure is pre-tax income. Management believes that pre-tax, pre-provision income is a useful financial measure because it enables management, investors, and others to assess the Company's ability to generate operating profit and capital.

Tangible book value per share is defined as total shareholders' equity less goodwill and other intangible assets, divided by the outstanding number of common shares at the end of the period. The most directly comparable GAAP financial measure is book value per share. Management believes that tangible book value per share is a useful financial measure because it enables management, investors, and others to assess the Company's value and use of equity. We had no goodwill or other intangible assets at the end of any period indicated. As a result, tangible book value per share is the same as book value per share at the end of each of the periods indicated.
