James E. Beckwith, President and Chief Executive Officer, commented:

“Five Star Bank’s differentiated customer experience and reputation continue to power demand for our services. In the second quarter of 2026, we are pleased that net income increased to \$19.4 million, compared to \$18.6 million for the first quarter of 2026, and earnings per share increased to \$0.91, up \$0.04 from the first quarter of 2026 and up \$0.23 from the second quarter of 2025. Net interest margin decreased by seven basis points to 3.63%. Total loans held for investment increased by \$306.3 million, or 7% (approximately 29% when annualized), and total deposits increased by \$330.0 million, or 7% (approximately 30% when annualized). We are also pleased with the continued execution of our strategic plan, including the payment of a cash dividend of \$0.25 per share to shareholders. In the second quarter, Five Star Bank was honored to be named the Best Place to Work by the San Francisco Business Times, ranking first overall among participating businesses with 25 to 49 employees in the San Francisco Bay Area. This recognition reflects our purpose-driven culture, which is a meaningful differentiator and an important contributor to our continued performance. I am proud of our team’s accomplishments and look forward to the continued momentum of our organic growth story.”

Financial highlights as of and during the three months ended June 30, 2026 included the following:

- Total deposits increased by \$330.0 million, or 7.38%, during the three months ended June 30, 2026, with growth in non-wholesale deposits exceeding declines in wholesale deposits. The Company defines wholesale deposits as brokered deposits and California Time Deposit Program deposits. During the three months ended June 30, 2026, non-wholesale deposits increased by \$463.1 million, or 11.33%, and wholesale deposits decreased by \$133.1 million, or 34.74%.

- The number of Business Development Officers increased from 43 at March 31, 2026 to 45 at June 30, 2026.
- Cash and cash equivalents were \$685.1 million, representing 14.27% of total deposits at June 30, 2026, as compared to 14.42% at March 31, 2026.
- Consistent, disciplined management of expenses contributed to our efficiency ratio of 40.91% for the three months ended June 30, 2026, as compared to 38.57% for the three months ended March 31, 2026 and 41.03% for the three months ended June 30, 2025.
- Net interest margin expanded by 10 basis points year-over-year, increasing from 3.53% for the three months ended June 30, 2025 to 3.63% for the three months ended June 30, 2026, demonstrating the Company's ability to grow its margin even as the effective federal funds rate declined 70 basis points over the same period from 4.33% at June 30, 2025 to 3.63% at June 30, 2026. Net interest margin for the three months ended June 30, 2026 contracted by seven basis points from 3.70% for the three months ended March 31, 2026, reflecting that strong quarter-over-quarter growth in net interest income was primarily volume driven, as rapid balance sheet expansion modestly diluted the overall yield on earning assets.
- Other comprehensive income was \$0.7 million during the three months ended June 30, 2026. Unrealized losses, net of tax effect, on available-for-sale securities were \$9.4 million as of June 30, 2026. Total carrying value of held-to-maturity and available-for-sale securities represented 0.04% and 1.72% of total interest-earning assets, respectively, as of June 30, 2026.
- The Company's common equity Tier 1 capital ratio was 9.98% and 10.45% as of June 30, 2026 and March 31, 2026, respectively. The Bank continues to meet all requirements to be considered "well-capitalized" under applicable regulatory guidelines.
- Loan and deposit growth as of the dates provided below was as follows:

<i>(in thousands)</i>	June 30, 2026	March 31, 2026	\$ Change	% Change
Loans held for investment	\$ 4,519,681	\$ 4,213,393	\$ 306,288	7.27 %
Non-interest-bearing deposits	1,174,406	1,232,696	(58,290)	(4.73) %
Interest-bearing deposits	3,624,977	3,236,657	388,320	12.00 %

<i>(in thousands)</i>	June 30, 2026	June 30, 2025	\$ Change	% Change
Loans held for investment	\$ 4,519,681	\$ 3,758,025	\$ 761,656	20.27 %
Non-interest-bearing deposits	1,174,406	1,004,061	170,345	16.97 %
Interest-bearing deposits	3,624,977	2,890,561	734,416	25.41 %

- The ratio of nonperforming loans to loans held for investment at period end increased from 0.07% at March 31, 2026 to 0.30% at June 30, 2026, due to one Community Reinvestment Act loan that was placed on non-accrual status. The balance of the loan is \$11.4 million as of June 30, 2026 and was originally downgraded to substandard in 2025.
- The Company's Board of Directors declared, and the Company subsequently paid, a cash dividend of \$0.25 per share during the three months ended June 30, 2026. The Company's Board of Directors declared an additional cash dividend of \$0.25 per share on July 16, 2026, which the Company expects to pay on August 10, 2026 to shareholders of record as of August 3, 2026.

Summary Results

Three months ended June 30, 2026, as compared to three months ended March 31, 2026

The Company’s net income was \$19.4 million for the three months ended June 30, 2026, as compared to \$18.6 million for the three months ended March 31, 2026. Net interest income increased by \$2.6 million during the three months ended June 30, 2026, as compared to the three months ended March 31, 2026, primarily due to an increase in interest income driven by loan growth and higher interest-earning deposits in banks, partially offset by an increase in interest expense driven by deposit growth. The provision for credit losses decreased by \$0.4 million during the three months ended June 30, 2026, as compared to the three months ended March 31, 2026, reflecting lower loss estimates driven by strong loan growth concentrated in pools with relatively lower loss rates. Non-interest income increased by \$0.2 million during the three months ended June 30, 2026, as compared to the three months ended March 31, 2026, primarily due to an overall improvement in earnings related to investments in venture-backed funds, partially offset by lower fees from swap referrals, and the absence of a special FHLB stock dividend. Non-interest expense increased by \$2.2 million during the three months ended June 30, 2026, as compared to the three months ended March 31, 2026, primarily due to a \$1.0 million loss contingency release on a U.S. Small Business Administration (“SBA”) loan that benefitted the three months ended March 31, 2026, which did not reoccur during the three months ended June 30, 2026, as well as higher advertising, promotional, data processing, and software expenses tied to continued organizational growth.

Three months ended June 30, 2026, as compared to three months ended June 30, 2025

The Company’s net income was \$19.4 million for the three months ended June 30, 2026, as compared to \$14.5 million for the three months ended June 30, 2025. Net interest income increased by \$9.6 million during the three months ended June 30, 2026, as compared to the three months ended June 30, 2025, primarily due to an increase in interest income driven by loan growth and higher interest-earning deposits in banks, partially offset by an increase in interest expense driven by deposit growth, though moderated by a decrease in the average cost of deposits. The provision for credit losses decreased by \$0.3 million, reflecting lower net charge-offs in the three months ended June 30, 2026 compared to the three months ended June 30, 2025. Non-interest income increased by \$0.1 million during the three months ended June 30, 2026, as compared to the three months ended June 30, 2025, primarily reflecting higher loan referral income and fees from swap referrals, as well as an overall improvement in earnings related to investments in venture-backed funds. These increases were partially offset by lower FHLB stock dividends and an intentional reduction in gain on sale of loans. Non-interest expense increased by \$3.9 million during the three months ended June 30, 2026, as compared to the three months ended June 30, 2025, driven primarily by increased salaries and employee benefits from increased headcount, along with growth in other operating expenses reflecting continued organizational expansion.

Total shareholders' equity	473,771	445,832	27,939	6.27 %

The increase in total assets from December 31, 2025 to June 30, 2026 was primarily comprised of a \$444.8 million increase in total loans held for investment and a \$178.2 million increase in cash and cash equivalents. The \$444.8 million increase in total loans held for investment between December 31, 2025 and June 30, 2026 was a result of \$1.0 billion in loan originations and advances, partially offset by \$162.1 million and \$421.9 million in loan payoffs and paydowns, respectively. The \$444.8 million increase in total loans held for investment included \$145.0 million in purchased loans within the consumer section of the loan portfolio. The \$178.2 million increase in cash and cash equivalents primarily resulted from the net increase in cash inflows from growth in total deposits of \$598.3 million and cash outflows from growth in total loans held for investment of \$444.8 million.

The increase in total liabilities from December 31, 2025 to June 30, 2026 was primarily due to an increase in deposits of \$598.3 million. The increase in deposits was largely due to increases in money market, interest-bearing transaction, and non-interest-bearing deposits of \$590.7 million, \$156.1 million, and \$89.9 million, respectively, partially offset by a \$246.6 million decrease in time deposits, mainly attributable to a \$215.0 million decline in wholesale deposits.

The increase in total shareholders' equity from December 31, 2025 to June 30, 2026 was primarily a result of \$38.0 million recognized as net income during the period, partially offset by \$10.7 million in cash dividends paid during the period and a \$0.3 million increase in accumulated other comprehensive loss.

Net interest income during the three months ended June 30, 2026 increased by \$2.6 million, or 6.04%, to \$46.1 million, as compared to \$43.5 million during the three months ended March 31, 2026. Net interest margin totaled 3.63% for the three months ended June 30, 2026, a decrease of seven basis points compared to the prior quarter, reflecting that strong quarter-over-quarter growth in net interest income was primarily volume driven, as rapid balance sheet expansion modestly diluted the overall yield on earning assets. The increase in net interest income is primarily attributable to a \$5.0 million increase in interest income, mainly due to a \$177.9 million, or 4.29%, increase in the average balance of loans and a \$164.8 million, or 32.18%, increase in the average balance of interest-earning deposits in banks (deposits placed with other financial institutions to earn interest). The increase in interest income was partially offset by a \$2.4 million increase in interest expense due to a \$330.1 million, or 7.64%, increase in the average balance of deposits, combined with a three basis point increase in the average cost of deposits. The average balance of non-interest bearing deposits increased by \$41.9 million, or 3.74%, quarter-over-quarter, helping to partially offset the rise in deposit funding costs.

As compared to the three months ended June 30, 2025, net interest income during the three months ended June 30, 2026 increased by \$9.6 million, or 26.20%, to \$46.1 million from \$36.5 million. Net interest margin totaled 3.63% for the three months ended June 30, 2026, an increase of 10 basis points compared to the same quarter of the prior year. The improvement was driven by balance sheet growth and a favorable shift in funding mix, which more than offset pressure from declining federal funds rates over the same period. The increase in net interest income is primarily attributable to an \$11.7 million increase in interest income, mainly due to a \$636.7 million, or 17.25%, increase in the average balance of loans and a \$315.3 million, or 87.13%, increase in the average balance of interest-earning deposits in banks (deposits placed with other financial institutions to earn interest). This increase in interest income was partially offset by a \$2.2 million increase in interest expense, stemming from a \$914.3 million, or 24.47%, increase in the average balance of deposits during the three months ended June 30, 2026, moderated by a 30 basis point decrease in average cost of deposits compared to the same quarter of the prior year. Further supporting the decreasing average cost of deposits, the average balance of non-interest-bearing deposits increased by \$207.0 million, or 21.62%, compared to the same period of the prior year.

Allowance for Credit Losses

At June 30, 2026, the Company’s allowance for credit losses was \$47.3 million, as compared to \$44.4 million at December 31, 2025. The \$2.9 million increase in the allowance is due to a \$4.6 million provision for credit losses recorded during the six months ended June 30, 2026, partially offset by net charge-offs of \$1.6 million, primarily attributable to commercial and industrial loans, during the same period.

The Company’s nonperforming loans increased from \$3.1 million to \$13.4 million between December 31, 2025 and June 30, 2026, increasing the ratio of nonperforming loans to loans held for investment from 0.08% at December 31, 2025 to 0.30% at June 30, 2026. This increase was due to one Community Reinvestment Act loan that was placed on non-accrual status during the period. The balance of the loan is \$11.4 million as of June 30, 2026, and it was originally downgraded to substandard in 2025. This was partially offset by improvements across the remainder of the nonperforming loan portfolio. Loans designated as watch increased from \$101.9 million to \$154.6 million between December 31, 2025 and June 30, 2026. Loans designated as special mention increased from \$37.5 million to \$44.9 million between December 31, 2025 and June 30, 2026. Loans designated as substandard decreased from \$22.3 million to \$20.3 million between December 31, 2025 and June 30, 2026. There were no loans with doubtful risk grades at June 30, 2026 or December 31, 2025.

A summary of the allowance for credit losses by loan class is as follows:

(in thousands)	June 30, 2026		December 31, 2025

Total allowance for credit losses	\$ 47,335	100.00 %	\$ 44,409	100.00 %

The ratio of allowance for credit losses to loans held for investment was 1.05% at June 30, 2026, as compared to 1.09% at December 31, 2025.

Non-interest Income

The following table presents the key components of non-interest income for the periods indicated:

	Three months ended			
	June 30, 2026	March 31, 2026		
(in thousands)			\$ Change	% Change
Service charges on deposit accounts	\$ 122	\$ 135	\$ (13)	(9.63)%
Loan-related fees	679	1,265	(586)	(46.32)%
FHLB stock dividends	191	762	(571)	(74.93)%
Earnings on bank-owned life insurance	265	225	40	17.78 %
Other income	615	(744)	1,359	(182.66)%
Total non-interest income	<u>\$ 1,872</u>	<u>\$ 1,643</u>	<u>\$ 229</u>	<u>13.94 %</u>

Loan-related fees. The decrease resulted primarily from a decrease of \$0.7 million in fees from swap referrals during the three months ended June 30, 2026, as compared to the three months ended March 31, 2026, partially offset by an increase of \$0.1 million in loan referral income.

FHLB stock dividends. The decrease related primarily to a \$0.4 million special cash dividend from the FHLB during the three months ended March 31, 2026 that did not reoccur during the three months ended June 30, 2026. The remainder of the decrease primarily related to the FHLB's transition to a tier-based dividend structure, which lowered the Bank's effective dividend rate received.

Other income. The increase related primarily to an overall improvement in earnings related to investments in venture-backed funds during the three months ended June 30, 2026, as compared to the three months ended March 31, 2026.

The following table presents the key components of non-interest income for the periods indicated:

	Three months ended			
	June 30, 2026	June 30, 2025		
(in thousands)			\$ Change	% Change
Service charges on deposit accounts	\$ 122	\$ 196	\$ (74)	(37.76)%
Gain on sale of loans	—	119	(119)	(100.00)%
Loan-related fees	679	468	211	45.09 %
FHLB stock dividends	191	325	(134)	(41.23)%
Earnings on bank-owned life insurance	265	220	45	20.45 %
Other income	615	482	133	27.59 %
Total non-interest income	<u>\$ 1,872</u>	<u>\$ 1,810</u>	<u>\$ 62</u>	<u>3.43 %</u>

Gain on sale of loans. The decrease related to an overall decline in the volume of SBA loans sold due to a strategic, intentional reduction in originations of loans held for sale. During the three months ended June 30, 2026, no SBA loans were sold, as compared to approximately \$1.6 million of loans sold with an effective yield of 7.60% during the three months ended June 30, 2025.

Loan-related fees. The increase resulted primarily from an increase of \$0.1 million in loan referral income, combined with an increase of \$0.1 million in fees from swap referrals during the three months ended June 30, 2026, as compared to the three months ended June 30, 2025.

FHLB stock dividends. The decrease related primarily to the FHLB's transition to a tier-based dividend structure, which lowered the Bank's effective dividend rate received.

Other income. The increase related primarily to an overall improvement in earnings related to investments in venture-backed funds during the three months ended June 30, 2026 compared to the three months ended June 30, 2025.

Non-interest Expense

The following table presents the key components of non-interest expense for the periods indicated:

(in thousands)	Three months ended		\$ Change	% Change
	June 30, 2026	March 31, 2026		
Salaries and employee benefits	\$ 11,421	\$ 11,430	\$ (9)	(0.08) %
Occupancy and equipment	873	829	44	5.31 %
Data processing and software	1,709	1,551	158	10.19 %
Federal Deposit Insurance Corporation ("FDIC") insurance	585	545	40	7.34 %
Professional services	952	926	26	2.81 %
Advertising and promotional	959	744	215	28.90 %
Loan-related expenses	304	247	57	23.08 %
Other operating expenses	2,813	1,122	1,691	150.71 %
Total non-interest expense	<u>\$ 19,616</u>	<u>\$ 17,394</u>	<u>\$ 2,222</u>	<u>12.77 %</u>

Data processing and software. The increase was primarily due to: (i) increased usage of our digital banking platform; (ii) higher transaction volumes related to the increased number of loan and deposit accounts; and (iii) an increased number of licenses required for new users on our loan origination and documentation system.

Advertising and promotional. The increase related primarily to additional expenses incurred to support the expansion of the Bank's business development teams, including \$0.1 million related to business development expenses and \$0.1 million related to donations, sponsorships, and advertising expenses.

Other operating expenses. The increase related primarily to the release of a \$1.0 million loss contingency on an SBA loan during the three months ended March 31, 2026. No such release occurred during the three months ended June 30, 2026. The remainder of the increase was primarily due to: (i) a \$0.4 million increase in employee-related expenses such as travel, conferences, and training; (ii) a \$0.1 million increase in administrative charges, including bank charges; and (iii) a \$0.1 million increase in operational losses.

The following table presents the key components of non-interest expense for the periods indicated:

(in thousands)	Three months ended		\$ Change	% Change
	June 30, 2026	June 30, 2025		
Salaries and employee benefits	\$ 11,421	\$ 8,910	\$ 2,511	28.18 %
Occupancy and equipment	873	657	216	32.88 %
Data processing and software	1,709	1,508	201	13.33 %
FDIC insurance	585	470	115	24.47 %
Professional services	952	918	34	3.70 %
Advertising and promotional	959	865	94	10.87 %
Loan-related expenses	304	423	(119)	(28.13) %
Other operating expenses	2,813	1,975	838	42.43 %
Total non-interest expense	<u>\$ 19,616</u>	<u>\$ 15,726</u>	<u>\$ 3,890</u>	<u>24.74 %</u>

Salaries and employee benefits. The increase related primarily to: (i) a \$2.8 million increase in salaries, benefits, and bonus expense, mainly related to a 13.30% increase in headcount between June 30, 2025 and June 30, 2026; and (ii) a \$0.7 million increase in commissions primarily due to higher loan originations period-over-period. This increase was partially offset by a \$0.9 million increase in deferred loan origination costs due to higher loan originations period-over-period.

Occupancy and equipment. The increase was primarily due to expenses for the Walnut Creek branch office and Newport Beach non-depository office during the three months ended June 30, 2026, which did not exist for the three months ended June 30, 2025.

Data processing and software. The increase was primarily due to: (i) increased usage of our digital banking platform; (ii) higher transaction volumes related to the increased number of loan and deposit accounts; and (iii) an increased number of licenses required for new users on our loan origination and documentation system.

FDIC insurance. The increase was primarily due to a \$916.2 million increase in the assessment base period-over-period.

Loan-related expenses. The decrease related primarily to lower inspection and legal expenses. Although loan originations were higher period-over-period, a greater mix of purchased loans and large credit relationships reduced per-unit inspection costs, and inspection activity was delayed relative to the prior period.

Other operating expenses. The increase related primarily to: (i) a \$0.3 million increase in employee-related expenses such as travel and professional association memberships; (ii) a \$0.2 million increase in bank charges; (iii) a \$0.1 million increase in operational losses; (iv) a \$0.1 million increase in IntraFi Network fees resulting from an overall increase in balances carried in the network; and (v) a \$0.1 million increase in armored car and courier services.

Provision for Income Taxes

Three months ended June 30, 2026, as compared to three months ended March 31, 2026

Provision for income taxes increased by \$0.3 million, or 4.37%, for the three months ended June 30, 2026, as compared to the three months ended March 31, 2026, which was primarily due to an increase in taxable income. The effective tax rates were 25.64% and 25.61% for the three months ended June 30, 2026 and March 31, 2026, respectively.

Three months ended June 30, 2026, as compared to three months ended June 30, 2025

Provision for income taxes increased by \$1.1 million, or 19.66%, for the three months ended June 30, 2026, as compared to the three months ended June 30, 2025. This increase was primarily driven by an increase in taxable income, partially offset by a \$0.2 million benefit recorded during the three months ended June 30, 2026 related to the purchase of transferable tax credits that did not occur during the three months ended June 30, 2025. The effective tax rates were 25.64% and 27.82% for the three months ended June 30, 2026 and June 30, 2025, respectively.

Non-GAAP Reconciliation (Unaudited)

The Company uses financial information in its analysis of the Company’s performance that is not in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Company believes that these non-GAAP financial measures provide useful information to management and investors that is supplementary to the Company’s financial condition, results of operations, and cash flows computed in accordance with GAAP. However, the Company acknowledges that its non-GAAP financial measures have a number of limitations. As such, investors should not view these disclosures as a substitute for results determined in accordance with GAAP. Additionally, these non-GAAP measures are not necessarily comparable to non-GAAP financial measures that other banking companies use. Other banking companies may use names similar to those the Company uses for the non-GAAP financial measures the Company discloses, but may calculate them differently. Investors should understand how the Company and other companies each calculate their non-GAAP financial measures when making comparisons.

Tangible shareholders’ equity to tangible assets is defined as total equity less goodwill and other intangible assets, divided by total assets less goodwill and other intangible assets. The most directly comparable GAAP financial measure is total shareholders’ equity to total assets. Management believes that tangible shareholders’ equity to tangible assets is a useful financial measure because it enables management, investors, and others to assess the Company’s financial health based on tangible capital. We had no goodwill or other intangible assets at the end of any period indicated. As a result, tangible shareholders’ equity to tangible assets is the same as total shareholders’ equity to total assets at the end of each of the periods indicated.

Tangible book value per share is defined as total shareholders’ equity less goodwill and other intangible assets, divided by the outstanding number of common shares at the end of the period. The most directly comparable GAAP financial measure is book value per share. Management believes that tangible book value per share is a useful financial measure because it enables management, investors, and others to assess the Company’s value and use of equity. We had no goodwill or other intangible assets at the end of any period indicated. As a result, tangible book value per share is the same as book value per share at the end of each of the periods indicated.

Pre-tax, pre-provision income is defined as pre-tax income plus provision for credit losses. The most directly comparable GAAP financial measure is pre-tax income. Management believes that pre-tax, pre-provision income is a useful financial measure because it enables management, investors, and others to assess the Company’s ability to generate operating profit and capital.

The following reconciliation table provides a more detailed analysis of this non-GAAP financial measure:

Investor Presentation

SECOND QUARTER 2026

Safe Harbor Statement and Disclaimer

Forward-Looking Statements

In this presentation, “we,” “our,” “us,” “Five Star,” or “the Company” refers to Five Star Bancorp, a California corporation, and our consolidated subsidiaries, including Five Star Bank, a California state-chartered bank, unless the context indicates that we refer only to the parent company, Five Star Bancorp. This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements represent plans, estimates, objectives, goals, guidelines, expectations, intentions, projections, and statements of the Company’s beliefs concerning future events, business plans, objectives, expected operating results, and the assumptions upon which those statements are based. Forward-looking statements include without limitation, any statement that may predict, forecast, indicate, or imply future results, performance, or achievements, and are typically identified with words such as “may,” “could,” “should,” “will,” “would,” “believe,” “anticipate,” “estimate,” “expect,” “aim,” “intend,” “plan,” or words or phrases of similar meaning. The Company cautions that the forward-looking statements are based largely on the Company’s expectations and are subject to a number of known and unknown risks and uncertainties that are subject to change based on factors which are, in many instances, beyond the Company’s control. Such forward-looking statements are based on various assumptions (some of which may be beyond the Company’s control) and are subject to risks and uncertainties, which change over time, and other factors which could cause actual results to differ materially from those currently anticipated. New risks and uncertainties may emerge from time to time, and it is not possible for the Company to predict their occurrence or how they will affect the Company. If one or more of the factors affecting the Company’s forward-looking information and statements proves incorrect, then the Company’s actual results, performance, or achievements could differ materially from those expressed in, or implied by, forward-looking information and statements contained in this presentation. Therefore, the Company cautions you not to place undue reliance on the Company’s forward-looking information and statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements are set forth in the Company’s Annual Report on Form 10-K for the year ended December 31, 2025 and Quarterly Report on Form 10-Q for the three months ended March 31, 2026 under the section entitled “Risk Factors,” and other documents filed by the Company with the Securities and Exchange Commission from time to time.

The Company disclaims any duty to revise or update the forward-looking statements, whether written or oral, to reflect actual results or changes in the factors affecting the forward-looking statements, except as specifically required by law.

Industry Information

This presentation includes statistical and other industry and market data that we obtained from government reports and other third-party sources. Our internal data, estimates, and forecasts are based on information obtained from government reports, trade, and business organizations and other contacts in the markets in which we operate and our management’s understanding of industry conditions. Although we believe that this information (including the industry publications and third-party research, surveys, and studies) is accurate and reliable, we have not independently verified such information. In addition, estimates, forecasts, and assumptions are necessarily subject to a high degree of uncertainty and risk due to a variety of factors. Finally, forward-looking information obtained from these sources is subject to the same qualifications and the additional uncertainties regarding the other forward-looking statements in this presentation.

Unaudited Financial Data

Numbers contained in this presentation for the quarter ended June 30, 2026 and for other quarterly periods are unaudited. Additionally, all figures presented as year-to-date and for periods that represent a full fiscal year ended December 31, represent unaudited results. As a result, subsequent information may cause a change in certain accounting estimates and other financial information, including the Company’s allowance for credit losses, fair values, and income taxes.

Non-GAAP Financial Measures

The Company uses financial information in its analysis of the Company’s performance that is not in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Company believes that these non-GAAP financial measures provide useful information to management and investors that is supplementary to the Company’s financial condition, results of operations, and cash flows computed in accordance with GAAP. However, the Company acknowledges that its non-GAAP financial measures have a number of limitations. See the appendix to this presentation for a reconciliation of these non-GAAP measures to the most directly comparable GAAP financial measures.

Asset Quality

Our primary objective is to maintain a high level of asset quality in our loan portfolio. Therefore, we:

- Place emphasis on our commercial portfolio, where we reevaluate risk assessments as a result of reviewing commercial property operating statements and borrower financials
- Monitor payment performance, delinquencies, tax compliance, and property insurance compliance of our borrowers
- Design our practices to facilitate the early detection and remediation of problems within our loan portfolio
- Employ the use of an outside, independent consulting firm to evaluate our underwriting and risk assessment process

We aim to consistently deliver value that meets or exceeds the expectations of our shareholders, customers, employees, business partners, and community.

Five Star Bank customer, Cristo Rey High School Sacramento, is a Catholic, fully-accredited college preparatory high school. They offer a focused curriculum designed to support students not only in being accepted to college, but in graduating from college. Their goal is to educate the "whole person," that is the mind, body and spirit of each student. They offer a challenging academic curriculum, as well as opportunities for co-curricular, spiritual and religious formation.

CRISTO REY HIGH SCHOOL SACRAMENTO

"Five Star Bank stepped in when Point Reyes Farmstead Cheese Company started having issues with our prior lender. They were flexible and agreed to expand our credit line and work with us on financial covenants that made sense for our business. They made the transition for operating accounts smooth and easy. They were also willing to work with us to refinance and increase our debt. It has been refreshing to have a local bank that listens to our needs and helps us out in a difficult lending environment."

Appendix: Non-GAAP Reconciliation (Unaudited)

The Company uses financial information in its analysis of the Company's performance that is not in conformity with GAAP. The Company believes that these non-GAAP financial measures provide useful information to management and investors that is supplementary to the Company's financial condition, results of operations, and cash flows computed in accordance with GAAP. However, the Company acknowledges that its non-GAAP financial measures have a number of limitations. As such, investors should not view these disclosures as a substitute for results determined in accordance with GAAP. Additionally, these non-GAAP measures are not necessarily comparable to non-GAAP financial measures that other banking companies use. Other banking companies may use names similar to those the Company uses for the non-GAAP financial measures the Company discloses but may calculate them differently. Investors should understand how the Company and other companies each calculate their non-GAAP financial measures when making comparisons.

Average loan yield, excluding PPP loans, is defined as the daily average loan yield, excluding PPP loans, and includes both performing and nonperforming loans. The most directly comparable GAAP financial measure is average loan yield. Management believes that average loan yield, excluding PPP loans, is a useful financial measure because it enables management, investors, and others to assess the Company's ability to manage yield on core loans. We had no PPP loans nor interest and fee income on PPP loans for the periods shown in this presentation other than the years ended December 31, 2020, 2021, and 2022. As a result, average loan yield, excluding PPP loans, is the same as daily average loan yield for all periods presented other than the years ended December 31, 2020, 2021, and 2022. Reconciliations for such periods are provided below.

Total assets, excluding PPP loans, is defined as total assets less PPP loans. The most directly comparable GAAP financial measure is total assets. Management believes that total assets, excluding PPP loans, is a useful financial measure because it enables management, investors, and others to assess the Company's ability to manage core assets. We had no PPP loans as of the period ends shown in this presentation other than as of December 31, 2020 and 2021. As a result, total assets, excluding PPP loans, is the same as total assets for all periods presented, other than as of December 31, 2020 and 2021. Reconciliations for such periods are provided below.

Pre-tax, pre-provision income is defined as pre-tax income plus provision for credit losses. The most directly comparable GAAP financial measure is pre-tax income. Management believes that pre-tax, pre-provision income is a useful financial measure because it enables management, investors, and others to assess the Company's ability to generate operating profit and capital.

Tangible book value per share is defined as total shareholders' equity less goodwill and other intangible assets, divided by the outstanding number of common shares at the end of the period. The most directly comparable GAAP financial measure is book value per share. Management believes that tangible book value per share is a useful financial measure because it enables management, investors, and others to assess the Company's value and use of equity. We had no goodwill or other intangible assets at the end of any period indicated. As a result, tangible book value per share is the same as book value per share at the end of each of the periods indicated.
